Dear Caregivers,

It’s great to be back “on the newsletter” with you after a short reorganization break! Kensington Clubs are still here virtually, with Phone Pals, KC On-Screen (now every other Tuesday) and KC LIVE via Zoom, Sunday through Friday. We are still sending a monthly paper/pencil packet of activities for members to complete in their leisure time. We are working closely with the Alzheimer’s Association, National Capital Chapter, to slowly form a monthly caregiver coping support & resources group on Tuesdays. Thank you to all who attended Melissa Needleman’s (ANS) presentation on “The Connection Between Loneliness and Hallucinations: Life During Covid19.” We welcomed 18 attendees. As always, in this newsletter, I will be passing all caregiver resources that I receive in my inbox or by phone, onto you.

Although we cannot physically be together, it is my pleasure to continue serving Kensington Club members and caregivers through email, USPS, phone, YouTube, the JCA website and on Zoom. Please continue to reach out. JCA and Kensington Club are committed to keeping our connection strong for you!

In Friendship,
Colleen and the JCA Kensington Club Crew

Recruiting Non-paid Family Caregivers for a Caregiving Study
Baylor and Texas State researchers are seeking participants for a new study on how family caregiving affects work and family dynamics. We are recruiting adults who are working at least 30 hours/week and also serving as a family caregiver in the United States. Participation only requires you to fill out two online surveys (approximately 20 minutes each, one month apart between **Aug 31** and **Oct 4**). In return, each person who completes the study will receive a $25 Amazon gift card with the possibility of earning up to $40 if you also refer other people to participate. Registration will close on August 30th.
To find out if you are qualified to participate, please visit:

Thank you!
To everyone in Kensington Club and Friends Club, who completed the early August Strategic Pricing Survey as the virtual programs moves toward sustainability. Your comments with support and enthusiasm were incredibly touching. We received nearly 50 responses. We will keep you updated with any program changes.
